

RELEASE OF VOLUME 2 ISSUE 1 OF JIID IN THE AV ROOM

## Release of Volume 2, Issue 1 of Journal of Innovation for Inclusive Development (JIID) and Tree Census Report of IP College

19 APRIL, 2017

### IP College Releases Vol. 2 Issue 1 of Journal of Innovation for Inclusive Development (JIID)

The Centre for Earth Studies (CES) at Indraprastha College for Women, University of Delhi released the second issue (Vol.2, Issue 1) of its Journal, the Journal of Innovation for Inclusive Development (ISSN 2456-4478) on 19 April 2017. The second issue of the Journal was released by Prof. Radhey Shyam Sharma of the Department of Environmental Studies, University of Delhi along with Dr. Babli Moitra Saraf (Principal, IP College & Patron of the Journal) in presence of Journal Editorial Board members.

A Tree Census Report of IP College was also released on the occasion. The Tree Census of IP College was carried out by the Department of Environmental Studies of the College in 2015-16. According to

the Tree Census, a total of 803 trees are recorded in the College campus. In terms of diversity, 91 different species of trees are found in the campus. The release of JIID and Tree Census Report was followed by an interactive talk by Prof. Radhey S. Sharma where he highlighted various aspects of Environmental Studies.

Prof., Department of Environmental Studies, IP College), Dr. Babli Moitra Saraf (Journal Patron & Principal, IP College), Prof. Radhey Shyam Sharma (Department of Environmental Studies, DU) and Dr. Anindita Roy Saha (Editorial Adviser & Assoc. Prof., Department of Economics, IP College).*

### Release of Tree Census Report

The Tree Census of IP College was carried out with the objective of identifying the species frequency and diversity on the campus and to educate the students about the different tree species that they encounter in their daily lives.

### Talk by Prof. Radhey S. Sharma

The Interactive Talk by Prof. R.S. Sharma encouraged the students to inquire further into the importance of ecosystem services and sustainable development in safeguarding the present and future of the Planet.
